

Faith and live(r)

\*Lead:\*

Need for the Absolute, for the Divine  
Everything compels me to believe  
That there is a better elsewhere  
By the way, it's strange  
These voices speaking to me  
To drive away the evil, to submit  
And purge the mind  
And ascend to the other side  
By the way, it's strange  
These voices speaking to me  
To drive away the evil, to submit  
And purge the mind  
And ascend, to the other side  
By the way, it's strange  
These voices speaking to me

\*Chorus:\*

Voices speaking to me  
Voices speaking to me  
Voices speaking to me  
Voices speaking to me

\*Lead:\*

Repeat the sermons  
Repeat the phrases  
Again and again

Purify the mind  
Cleanse the dregs  
Of the body's desires  
Outpace the scripture  
Reach, without question  
For the final effort

Transmute the foundations  
Light the fuse  
In search of ecstasy

\*Chorus:\*

Repeat the sermons  
Repeat the phrases  
Repeat the gestures  
Again and again  
Purify the mind  
Purify the flesh  
Cleanse the dregs  
Of the body's desires  
Outpace the scripture  
Fight the impious  
Reach, without question  
For the final effort

Transmute the foundations  
Light the fuse  
In search of ecstasy  
Desire for death

\*Chorus:\*

Repeat the gestures again  
Purify the flesh, the body  
Fight the impious  
Toward the final effort  
In search of death  
Repeat the gestures again  
Purify the flesh, the body  
Fight the impious  
Toward the final effort  
In search of death

I hear with great difficulty  
The voices speaking to me  
Out of the fog  
The silence, the calm  
After the fury
