

Frustration

Hell, anger, in the face of adversity
Hardship, misery, always on the sidelines
Ruts, missteps, so hard to change
Never what I want!
Wreckage, carnage, failure's constant sting
Close, so close, yet I miss every time
Tunnel, downfall, disillusionment
Burns me slowly, bit by bit!
Always missing
All day long
And still no change
Never what I want

Failure unrelenting
Disillusionment
I burn bit by bit

So close, so close
Close and...
Close, so close
The endless failure

Everything seems possible,
Imagination runs free
But luck slips away
I stand still, or what? An hour, maybe
Left to swallow my defeat,
Rehash my blunders
Frustration is my only dish of the day
All too greedy
Judged with no hope for reprieve
Dismissal
Irritation
Exasperation
Disappointment
Inaction
Abandonment
Feeling of exclusion
I idealize, but everything collapses
Disappointment, abandonment
I sink, and my reason reels
