

Heavy like a lead feather

The shore is near
The fire has gone
The boat glides
I no longer hear you
Heart too heavy to be truly pure
Calm crossing
Silence required
Save my soul
From a life of sin
Find the Amenti
Lighter than...
Like a feather, like air
Opens the infinite
My heart... opens the infinite
Maat, Osiris
Even if they scrutinize me
A new life
Death... a new life
Osiris, here I am
Underground we pray
We go to cross the river laughing
Cross the trial singing
Killing doesn't matter
Killing is child's play
Despise others
Mock the wretched feelings
Underground the Amenti awaits us, proud of our lives
Killing isn't that important, killing is sometimes fun
Cross and save yourself
Forget and move forward
Lighten your heart
Pass the feather test with ease
Life, death, laughing
Life, death, it's not mean
It's the same for Anubis, the same for Osiris
Killing is child's play
Killing doesn't matter
Cross the river with ease
Cross the river and time
They won't cut
Golden serpents, crocodiles
They won't decide my fate
She won't taste
Ammit won't taste the blood
No, not this time
Not this time, no not this time
