

SCUM-SUCKING PIGGY

Ah... who dared?

Who offloaded, tweeted first?

Ah... who liked?

Who retweeted, screened, commented?

Who sweat, who cracked, paid and bled?

The word, unchaining... fantasy or reality?

Unsavory assessment,

Cumulative result of centuries and centuries of impunity

Utmost contempt, at time uninhibited, yet never quite stood by

Superego out!

In order – super-powerful Id – to exert a rindless hold

Intimidation, threats, and the well-oiled “silence means consent” rule

= consummate Omertà

Faced with this mire

One laments

Dread giving way to commotion

One wallows in self-pity, all over the media

Then sinks into the abyss of a debate stretching far beyond mere antagonism

There's no backing out now

In this beautifully soothed atmosphere,

Everyone is obviously invited to express an opinion... justify themselves... exist...

Go ahead: the cap is 140 characters ;)

Lardons, slices of saucisson, crumpled ham, bon appétit :)

Scum-sucking piggy!

Pick up your muck!

If in this mire

Some curl up

Some wallow and take revenge

And confide on the borders of hubris

So what about the presumption of innocence?

One is then exhorted to indignity

There's no backing out now

Is all this a mucky trick/day?
